Hi Daninne and thanks for the follow up. It was great to meet you too. I think you will be an asset for the community for all the various mine related remediation projects that could take place in the Animas watershed. We had a very productive week in Silverton and a safe trip back to Denver (thanks). I am still catching up with emails, vmails and all the to-do's from last week. I will be in the office tomorrow, the 25th, if you would like to get together. All my contact info is below.

I hope your travels are also going well.

Sincerely,

Sabrina Forrest

---

Hello Sabrina!

It was nice to chat with you the other day on the phone and it was a pleasure to meet you in person at the Animas River Stakeholder's Group meeting a few weeks ago. I was just following up with you to see how it went in Silverton this week for you girls and hope you had a safe trip back to Denver.

It was nice to chat with you the other day on the phone and it was a pleasure to meet you in person at the Animas River Stakeholder's Group meeting a few weeks ago. I was just following up with you to see how it went in Silverton this week for you girls and hope you had a safe trip back to Denver.

I am sorry I missed you in town as I am wrapping up a small environmental consulting project in Pennsylvania as well as some seasonal farm work on some property I own. As I mentioned before, please let me know if I can help you guys out in any way and I can make sure I can be available. I have a passion for and a lot of experience in the environmental profession and I live in San Juan County and have a fairly good take on what is going on there.

I have to make a trip to Denver next week and will be there from the 22nd through 25th. If for any reason would like to get together during that time please let me know.

I can be reached at (412) 735-2634 or [daninneegizio@yahoo.com](mailto:daninneegizio@yahoo.com).

Have a great weekend!

Daninne
